Report on Eco-friendly Rakhi Making Competition

Department of Botany in collaboration with Women cell organized the “Ecofriendly Rakhi making competition on 20 August 2024 . Rakhi is an auspicious festival in India, In this festival girls used to tie a Rakhi to their Brothers. The purpose of the competition was to encourage students to use eco-friendly articles for rakhi making, and to develop their creative skills in making decorative Rakhi with ecofriendly material.

This competition is the regular event of women cell and Botany Department. In this competition, students were asked to prepare ecofriendly Rakhi and submit and present it Infront of Judges, then among 34 Participants there were 3 winners 1st 2nd and 3rd were declared, each winner got the winning Certificate . Students submitted decorated Rakhi with creative ideas such as using leaves, flowers, grains, cotton, etc. Miss Roshani R. Sawarkar (B.A. IIIst year student) secured Ist rank, Miss. Bharati H. Pathe (B.Com. IInd year) got 2nd rank, and Miss. Payal D. Chaudhari (B.Sc.. IInd year) student secured 3rd rank in this competition. Miss. Vishakha D.Nasare B.Sc. (IIIrd yr) got consolation I prize where as Mr. Saurabh S. Neware (BA-II) got consolation II Prize. This year junior college students also participated in competition Miss. Vedika S.Verma (12th Sci) secured Ist Prize in junior section ,Miss. Payal Nikaju (12 Com.)Secured IInd prize in junior Section .Winners get awarded in Annual Gathering.

Principal Dr. Prakash Pawar sir Encourage Students with visiting and asking Students about their Rakhi, Dr. Megha Raghuvanshi And Dr. Dr. Rita Dambhale were jury of competition. Dr. Smita Gudadhe, head of the department of Botany department and Ms. Manasi A. Joshi convener of the Women cell and faculty member of the department of Botany. Dr. Shailesh Bansod and Mr. Surendra Sinkar faculty members of the Department of Botany made special efforts to run this competition. Students of all faculties participated in this competition. Overall, this

competition helps the student to improve their creative skills and awareness about environment, students also learn to create best from waste. Department of Botany in collaboration with Women cell organized the “Ecofriendly Rakhi making competition on 20 August 2024. Rakhi is an auspicious festival in India, in this festival girls used to tie a Rakhi to their brothers, earlier these Rakhi were made up of Silk but now a days many plastics and sponges and environmentally hazardous materials are used to make decorative Rakhi. The purpose of the competition was to encourage students to use eco-friendly articles for Rakhi making, and to develop their creative skills in making decorative Rakhi with ecofriendly material.

This competition is the regular event of women cell and Botany Department of college. Principal of college Dr. Prakash pawar Sir visited the competition and boost their creativity by his inspirational talk in this competition, students were asked to prepare ecofriendly Rakhi and submit and present it Infront of Judges, then among 30 Participants there were 3 winners 1st 2nd and 3rd were declared, each winner got the winning Certificate Students submitted decorated Rakhi with creative ideas such as using leaves, flowers, grains, cotton, etc. Miss Payal Chaudhari (B.Sc. IIIst year student) secured Ist rank, Miss. Pinki Pathade (B.A. II year) got 2nd rank, and Miss. Kalyani Mundafale (11th Science) student secured 3rd rank in this competition. Winners get awarded on International Women’s Day.

Principal Dr. Prakash Pawar sir and Dr. Nitin Raut (Head of zoology Dept.) Dr. Smita Gudadhe (Head of Botany Dept) and Ms. Manasi A. Joshi (convener of the Women cell) and faculty member of the department of Botany. Dr. Shailesh Bansod and Mr. Surendra Sinkar faculty members of the Department of Botany made a final judgment on the competition. Students of all faculties participated in this competition. After competition student tied rakhi to trees for “Vruksh Raksha Bandhan”, Overall, this competition helps the student to improve their creative skills and awareness about environment, students also learn to create best from waste.

Report on Eco-friendly Herbal Colours Making Workshop

A workshop was held on 'Eco-friendly Herbal Colours Making'. It was organised by the Department of Botany on date 12th March 2024, from 9:00 AM to 2:30 PM.

Aim

The workshop was aimed at sensitizing students towards the harmful effects of synthetic chemical colours used during Holi and encouraging them to adopt sustainable, plant-based alternatives by learning the preparation of eco-friendly herbal colours.

Objectives

- To create awareness about the health and environmental hazards of chemical colours.
- To promote the celebration of *Eco-friendly Herbal Holi*.
- To provide practical knowledge of preparing natural colours using plants and their parts.

Programme Highlights

The workshop commenced under the chairmanship of Dr. Prakash D. Pawar, Principal, who underlined the importance of eco-friendly colours and urged students to integrate such practices into their daily lives. Dr. Smita P. Gudadhe, Head, Department of Botany, delivered an insightful address focusing on the adverse impacts of chemical colours on human health, animals, and biodiversity. Prof. Manasi Joshi enriched the session with a PowerPoint presentation, highlighting various plants and their useful parts for preparing natural colours. A hands-on demonstration was then conducted by Dr. S. R. Bansod and Mr. S. R. Sinkar, faculty members of Botany, where students actively learned the step-by-step process of making herbal colours. The event witnessed enthusiastic participation from undergraduate students, along with faculty and staff members. Towards the conclusion, freshly prepared herbal colours were distributed among participants, symbolizing the adoption of a safe and eco-friendly way of celebrating Holi.

Outcomes

- Students became aware of the ill effects of chemical colours on skin, eyes, animals, soil, and biodiversity.

- They learned simple and practical methods for preparing herbal colours from plant sources.
- Participants pledged to celebrate Holi in an environmentally responsible manner using herbal colours.

Conclusion

The workshop on *Eco-friendly Herbal Colours Making* was a meaningful step towards combining traditional celebrations with environmental responsibility. By blending awareness with hands-on experience, the program empowered students to make healthier choices for themselves and for the planet. The activity not only provided an alternative to synthetic colours but also nurtured a spirit of sustainability, reminding everyone that festivals can be celebrated with joy while still caring for nature.

Report on World Environment Day Celebration

Essay Competition

The department of Botany celebrated the World Environment Day by organizing Essay Competition on the various topics on 5th of June 2025.

The objectives of this competition:

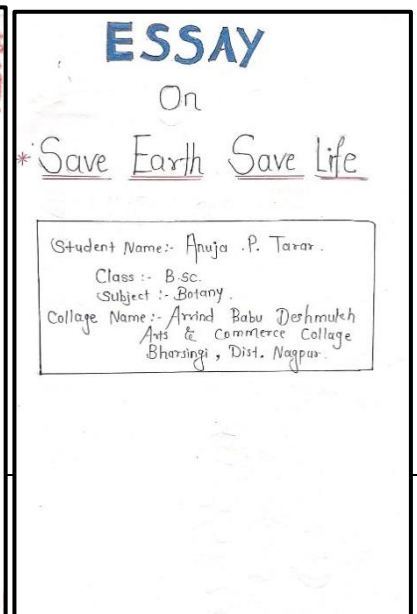

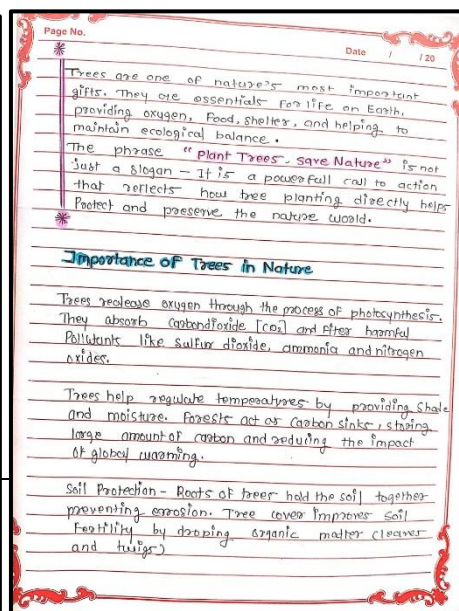

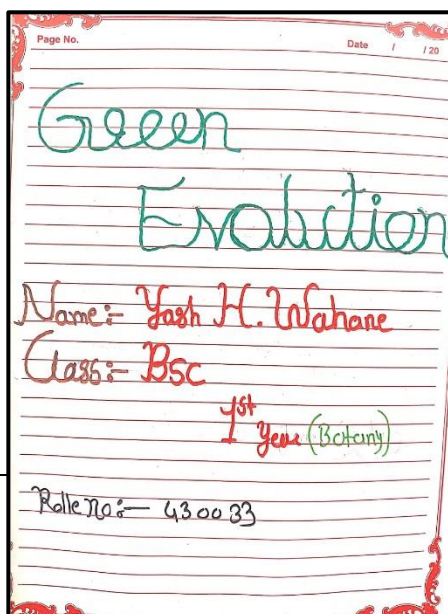

- To increase the interest of students in subject.
- To sensitize undergraduate students towards the importance of conservation of environment.
- To aware the students about the burning issues regarding environment.

The department of botany organized various activities on this day and this year the students participated in the Essay completion. There are the various topics given to the students which focused the importance of the conservation of biodiversity, ecosystem and protect the environment and minimize the use of plastics. Planting trees is very important to protect our environment against air pollution and global warming. The activity has a huge success, empowering students with substantial knowledge of environments and plants. Dr. Smita Gudadhe, Head of the botany department and other faculty members, Dr. Shailesh Bansod, Mr. Surendra Sinkar, Mrs. Manasi Joshi guided the students on the given topics for essay writing. They also evaluate all the essay written by the students and declared the result. The first winner of the competition was Ms. Anuja P. Tarar (B.Sc.I-Topic: Save Earth Save Life) Second winner was Ms. Madhuri M. Sarware (B.Sc. I- Topic: Say No To Plastic) and third winner was Mr. Ishwar H. Belkhede (B.Sc.I-Topic: Plant Trees, Save Nature) students of the Department of Botany.

Expected outcomes of this activity:

- The students get inspired to think and write on current issues or topics.
- The students become aware of the conservation of nature
- It enhance the analyzing and describing capacity of the students
- It motivated the students to participate in various subject related activities.

Some of the glimpses of Essay

Save Earth, Save Life.

There is a popular saying that goes, 'You don't bite the hand that feeds you. Well, then why harm the planet that providing for you?' We all should know that our planet 'Earth' is the only planet where life can exist. Our planet provides us with basic necessities such as water, air, food to eat, and much more. So if you want to save our planet Earth for yourself and for the coming future generations then do give this blog a read. Today we will be give this blog a read, will be talking about how you can save your planet Earth by taking all the required measures. We have also listed about some people always try to do some activities to save our lives.

Say 'No' to plastic

We will see a lot of people carrying their shopping bags made of plastic. Plastic bags are really convenient for all of us to carry things we have bought. In contrast, there are many disadvantages of using plastic bags have negative impacts on our environment. I am sure that reducing the use of plastic bags will be happened soon. They are really convenient for all of us to carry things.

Plastic bag is a huge cause of the global warming that we are confronting at the moment. We can use and hold plastic bags everywhere. Plastic can damage environment. We have all know that if all plastic bags are used they will be bad wastes of the world. We can do a little work to avoid plastic bags as much as we can to keep nutritious food, source, stop global warming and avoid being criminal to use, fabric bags instead of plastic bags.

(Bhagwan)

PLANT TREES SAVE LIFE

Plant trees to save the environment. Plants are the beauty of nature. Without trees, we are nothing. Trees are our best friends because they clean the air we breathe. They also clean the water and soil and ultimately make the earth a better place. It is also a fact that people who live near trees are healthier, fit, and happier than people who do not. Most importantly, by saving plants, we are not doing any favor to plants but to ourselves only.

Trees are important to us in many ways and we can't ignore their importance. They give us fresh air to breathe. They take carbon dioxide from environment for photosynthesis, which is harmful for both humans and animals. If there are no trees we can't even survive. They bring rain. They bring peacefulness. Create a peaceful and relaxing environment. They protect us from harmful rays of the sun, which cause many problems. Without trees our earth will die.

Brief Report

The Department of Economics at Arvindbabu Deshmukh Mahavidyalaya, Bharsingi, under the aegis of VSPM Academy of Higher Education, organized an Environmental Awareness Quiz on 10th February 2025 at 10:30 AM as part of its academic activities for the session 2024-25. The primary objective of the quiz was to enhance environmental consciousness among students and promote sustainable thinking in alignment with academic and social responsibility.

The event witnessed enthusiastic participation from 84 students belonging to various colleges, including Arvinbaba Deshmukh Mahavidyalaya Bharsingi, Dr. Haribhau Admane Arts and Commerce College Saoner, Mukundraj Swami Mahavidyalaya Pachkhedi, and Nabira Mahavidyalaya Katol. Students from both B.A. and B.Com streams actively engaged in the quiz competition. A total of 5 faculty members from the Department of Economics coordinated and supervised the event, ensuring its smooth execution.

The quiz comprised multiple rounds focusing on environmental issues, sustainability, biodiversity, climate change, and ecological conservation. The activity not only tested the students' knowledge but also served as a platform to sensitize them about the pressing environmental concerns and their role in mitigating them.

Overall, the Environmental Awareness Quiz proved to be an insightful and enriching event, fostering a spirit of curiosity and responsibility among the youth. The Department of Economics intends to continue such initiatives in the future to further integrate environmental education into the academic culture.

Objectives of the Activity:

To enhance awareness among students about key environmental issues.

To promote knowledge and responsibility towards sustainable practices.

To engage students in a competitive learning environment focused on ecological education.

Outcome of the Activity:

Students gained increased awareness of environmental issues and policies.

The quiz encouraged critical thinking and learning in a friendly competitive format.

Inter-collegiate participation fostered academic interaction and collaboration

Report on Tree Plantation Program

A tree plantation activity was held on the college premises on 15 August 2024. It was organized by the Department of Botany, Arvindbabu Deshmukh Mahavidyalaya, Bharsingi.

The objectives of this drive:

- To increase the population of plants on campus.
- To sensitize undergraduate students towards the importance of trees.
- To protect the environment against air pollution.

Faculty members and students of B. Sc. planted saplings on the college campus to raise awareness and consciousness about the surrounding environments among them and the students take the responsibility of nurturing trees. Planting trees is very important to protect our environment against air pollution and global warming. The activity has a huge success, empowering students with substantial knowledge of environments and plants. Faculty members of the Department of Botany gave botanical information about these plants like their name, habitat, morphological appearance, its blooming season, some medicinal value and lastly information about taking care of it. The program was inaugurated with the hands of Dr. P.D. Pawar, Principal of our college by planting the saplings. Dr. S. Gudadhe, Head, department of botany and other faculty members, Dr. S. Bansod, Mr. S. Sinkar and Miss. M. Joshi along with the students planted the saplings and guided the students about the conservation of college flora and surrounding plants. The planted saplings were medicinal plants, including Amala, Jungli Onion, Jungli Ginger, Adulasa, Tulsi species, Neem, Ficus, Mango etc.

Expected outcomes of this activity:

- Planting trees helps us raise awareness of the importance of trees and shrubs.
- Students will learn how to plant and care for a garden.
- It will help to increase the population of trees on campus to enhance the tree cover on the campus.

अरविंदबाबू देशमुख महाविद्यालय भारसिंगी येथे 'जागतिक वसुंधरा दिन'

देवग्राम : अरविंद बाबू देशमुख महाविद्यालय भारसिंगी येथे मराठी विभागाच्या वतीने जागतिक वसुंधरा दिन साजरा करण्यात आला. अध्यक्षस्थानी मराठी विभाग प्रमुख डॉ. साधना जिचकार होत्या.

प्रमुख वक्ते प्रा. शिरस्कर यांनी पर्यावरणाचे रक्षण आणि संवर्धनासाठी जनजागृतीची गरज व्यक्त केली. वसुंधरेच्या संरक्षणासाठी सर्वांनी एकत्र येण्याची आवश्यकता असल्याचे सांगितले.

प्रा. डॉ. रीता वाळके यांनी ऊर्जेच्या विविध स्रोतांचे महत्त्व सांगितले. कार्यक्रमाच्या अध्यक्ष्या प्रा. डॉ. जिचकार यांनी पृथ्वीवरील हवामान बदल, प्रदूषण आणि जैवविविधता संवर्धनसारख्या विषयावर लक्ष केंद्रित करणे अतिशय गरजेचे आहे. ग्रहांच्या संरक्षणासाठीची कृती म्हणजे सर्वांना कार्य करण्याची प्रेरणा देणे आणि प्रोत्साहित करणे आहे, असे त्या विद्यार्थ्यांना मार्गदर्शन करताना म्हणाल्या. संचालन प्रा. अमित नांदगावे यांनी केले. आभार प्रा. डॉ. सावरकर यांनी मानले. कार्यक्रमाला प्राध्यापक व विद्यार्थी उपस्थित होते.
